50X1-HUM

1. Partisans attacked a group of vacationists in the neighborhood of Lake Billa (sic) and took clothing and food. The group attacked in this case chanced to include two members of the Secret Police; the partisans forced them to chew up and swallow their identity documents. The Securitate men managed to conceal the fact that they were armed with revolvers, and as soon as the partisans moved off the two men opened fire. In the exchange of shots that followed, a girl of 18 or 19, one of the party of vacationists, was killed.
2. At Copsa Mica where methane gas is tapped, a train carrying either gas or petroleum was blown up by partisans.
3. It is rumored that partisans have turned up in the Dobrogea area, although this seems unlikely since it is not a wooded area.
4. Three arms depots were blown up at Targoviste about 5 September.
